

Amendments to the Specification:

Please replace the paragraph [0077] with the following rewritten paragraph [0077]:

[0077] It is noted that a computer readable medium may be provided, having a program embodied thereon, where the program is to make a computer or system of data processing devices execute functions of the above described elements, particularly of the proxy server and the processing server. A computer readable medium can be a magnetic or optical or other tangible medium on which a program is recorded, ~~but can also be a signal, e.g., analog or digital, electromagnetic or optical, in which the program is embodied for transmission.~~
